The Board of County Commissioners met in continued session at 8:00 o'clock A.M. Chairman Holmquist, Commissioner Scott and Krueger, and Clerk Robinson were present.

Chairman Holmquist led the Pledge of Allegiance.

Chairman Holmquist opened public comment on matters within the Commissions' Jurisdiction.

8:45:05 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Charlotte French, Lloyd Brynie, Faith Brynie, Paul Mutascio, Gary Ridderhoff, Clerk Kile

Paul Mutascio, 320 Swan Meadow Drive reviewed concerns with the commission regarding Solid Wastes long-term plan and their approach in how Flathead County will collect and dispose trash. The following letters were presented that summarized concerns he spoke about.

Dear County Commissioners,

As you know, the Flathead Solid Waste Board is planning on closing all Green Box trash collection sites throughout the County. I am writing this letter on behalf of the many concerned citizens of Flathead County. We strongly believe that the plan the Solid Waste Board is now following is not well thought out, nor has it been thoroughly studied. Consequently, solid waste collection plans as now being implemented will negatively impact all County residents.

The Solid Waste Board is the decision maker regarding solid waste matters. However, County Commissioners are responsible for establishing County policies under which the Solid Waste Board takes action. We ask that you request the Board to delay anymore closures until this important issue can be reevaluated, and give you an opportunity to develop or update policies regarding residential solid waste collection.

This is a critical issue. Once the sites are closed, residents will either have to start paying for curbside pickup or drive to the Solid Waste landfill (just south of Whitefish) to dispose of their trash and recyclable materials. This situation represents a significant reduction in current County services and would result in significant cost increases to county residents, in addition to the landfill levy a homeowner now pays.

For example, private trash collection companies, with very few exceptions, do not drive onto private property, but only to the edge of public roads (curbs), regardless of how far a home is away from the curb. These private companies currently charge \$280.20 per year for curbside pickup. For anyone living in a rural area and needing an animal/bear proof container that's another \$80.00 per year. If the truck operators are willing to drive onto your property, they will charge an additional \$200.00 per year to do so. All told, County residents will pay an additional \$280.20 to \$560.20 per year to dispose of their trash via curbside pickup. For those of us who can't afford or qualify for curbside service, our only other choice is to pay for the drive to and from the landfill site near Whitefish. Depending on where we live in the county, this could amount to several hundred miles a year. Neither of these scenarios was given serious study. However, we consider both of the alternatives to be a significant and hidden "tax", along with a drastic decrease in current services offered by the County.

The plan to close the sites is based on a 2009 Strategic Study commissioned by the Board. I and many other concerned residents attended the Board's last meeting. We voiced our opinion that the study is flawed and too narrow in its scope. This study only looks at ways to reduce the County's direct solid waste operating costs. There is an urban land use bias within it that tends to ignore our more rural setting. Further, the study gives no consideration to the impact these closures would have on the broader financial, economic and environmental issues on the Flathead community, as well as public safety, recycling needs and other critical matters.

We can find no compelling financial reason to take such a narrow focus. As shown in the Board's latest year-end financial report, they had nearly \$4.5 million in operational cash reserves, plus another \$13 million in trust fund accounts.

TUESDAY, OCTOBER 1, 2013
(Continued)

Please note that the closure of the Bigfork Green Box site is on the Solid Waste Board's January 22, 2013 agenda. In response to our concerns raised at the last meeting, the Board will be entertaining two action items.

First is our request for a three-year moratorium on any further closures of Green Box Sites Countywide. During this time we ask that the Board, their staff and consultants undertake and complete a much more comprehensive study of the way the County should collect trash; current and alternative approaches should be evaluated. And, for each alternative, they need to take into consideration the financial and economic pressures that would be placed on our citizens, plus the impact on public safety, recycling efforts and the environment. Based on this thorough review, the Commissioners would be able develop or update Flathead County's solid waste collection policies.

The second action item will deal directly with the pending Bigfork Green Box site closure. We are asking that this site remain open until a more thorough and balanced study can be prepared and its results publically evaluated. We also feel that the site can be improved in the interim, if there is a willingness on the Board's part, to bring it up to their "standards" for a Green Box Site.

This is not just a Bigfork issue but one that impacts the entire County. I thank you for your attention to this matter.

Sincerely,

Paul Mutascio
Bigfork, Montana

Flathead County Commissioners
Kalispell, MT

Via Email

Dear County Commissioners,

The Community Foundation for a Better Bigfork (CFBB) members would like to recommend completion of the Bigfork Stormwater Project by implementing the RSID process. We feel that it is important to complete the last two phases and fund maintenance costs.

CFBB was very involved with the beginning of the Stormwater Project, especially regarding the coordination with the contractors during construction and acting as a liaison with the business community. Also, we have had a positive relationship with the Stormwater committee, (one of our standing committees) and promoted communication on the community level. We were very pleased with the effectiveness of the installation on Grand Drive, along with the second phase on Electric Avenue and River Street.

Control of local flooding and clean water is essential to the health of the Bigfork economy and water quality of the Flathead Lake. The first two phases have made a significant difference in flood control and reducing the pollution flowing into the Lake.

In a survey that was taken, 58% of the areas businesses supported the project and 47% supported the RSID assessment without knowing the cost. We would encourage the Flathead County Commissioners to give the Bigfork community the opportunity to support or not support this project via the RSID process.

Thank you very much for your consideration.

Sincerely,

The Community Foundation for a Better Bigfork Board of Directors

September 26, 2013

Flathead County Commissioners
Kalispell, Montana

Dear County Commissioners,

I am writing this letter on behalf of many concerned citizens of Flathead County. As you know, the Flathead Solid Waste Board is planning on closing several, if not all, Green Box trash collection sites throughout the County as called for in their "Strategic Plan". This Plan was prepared by a private consultant and adopted by the Solid Waste Board.

We strongly believe that the Consultant's Plan is flawed, and does not bring value to the board or you in making the important decisions you face. It is far too narrow in its scope, and the critical issues underlying their conclusion on collections were not thoroughly studied and evaluated. Consequently, solid waste collection plans as now contemplated most likely will have negative impacts on nearly all County residents.

In spite of efforts by some to focus on it as just being a Bigfork issue, rest assured that it is not. This issue impacts all of the southern and middle parts of the County. They are planning to close the Bigfork site, then Lakeside and then Creston, all by 2014. In my earlier letter to you in January of this year, copy attached, we asked that the Solid Waste Board delay anymore closures until this important issue can be evaluated properly. You, as Commissioners, will then have the opportunity to develop or update policies regarding residential solid waste collection. The Boards current approach would result in a hidden tax on many county taxpayers by an unelected body with no accountability to the public.

So we again ask for a three-year moratorium on any further closures of Green Box Sites Countywide. During this time we ask that you direct the Board, their staff and consultants to undertake and complete a much more comprehensive and accurate study of the way the County should collect trash; current and alternative approaches should be evaluated, and especially take into consideration the financial and economic pressures that would be placed on our citizens, the impact on public safety, recycling efforts and the environment. Based on this more thorough review, you, as Commissioners, would be able to develop or update Flathead County's solid waste collection policies that will guide the Solid Waste Board in their decision making.

TUESDAY, OCTOBER 1, 2013
(Continued)

Before the Commissioners, the Director of Solid Waste stated to you in your public meeting that the “Plan” is an evolving document and several parts are no longer being followed or relevant. Therefore, I can only assume that they are aware of the “Plans” flaws and are making ad hoc decisions. Before they force County residents further down this unknown road, we ask the Commissioners to direct the Solid Waste Board to undertake a more thorough and honest look at to how best to serve County residents.

Thank you for your consideration.

Sincerely,

Paul Mutascio

Lloyd Brynie, 556 West Village Drive in Bigfork read the following letter.

October 1, 2013

Dear Flathead County Commissioners:

On September 26, the *Daily InterLake* reported on the September 24 meeting of the Solid Waste Board at which possible closure of the Bigfork green box site was discussed. Without Bigfork residents present to make their voices heard, the Board members were free to express their intractable views: that Bigfork residents should contract for curbside pickup and that closure of the Bigfork site, along with several others, is part of a consolidation plan that must be implemented whether the needs of the citizenry are met or not.

So, despite the hard work of the Bigfork citizens' committee over the last year, we see scant evidence of progress in influencing the members of the Solid Waste Board. We have met with their representatives monthly, submitted minutes and working documents, filed a well-researched report, written numerous letters to the editor and to board members, and presented countless witness statements. We fear that the Solid Waste Board has not heard us. We hope the County Commissioners will.

In this letter we address some of the arguments that seem to be sticking points with the Board.

We have heard our green box site called a "convenience." It is not a convenience. It is an essential service, one that we have relied on for many years. Most of the families who use the Bigfork site do not live on suburban-style plots where curbside service is possible or affordable. We wish that the Board members would drive around the rural area of the county serviced by the Bigfork site so that they could see for themselves how few households could utilize curbside pickup services. In addition, we have submitted documentation showing that, where curbside is possible, it is very expensive. Ours is not a wealthy community and many of our citizens—including large numbers of widows and retirees—cannot afford curbside service.

Solid Waste Board member Alan Ruby is quoted in the *InterLake* as challenging Bigfork to "put up or shut up." Bigfork citizens currently pay the \$80 annual fee that every other citizen of the county pays, and many of them rely on green box collection, just as Bigfork citizens do. Our local committee has voiced its perception that Bigfork residents would be willing to pay a higher assessment in order to keep the green box site, but Public Works Director David Prunty has repeated asserted that Bigfork cannot pay a higher rate than the rest of the county. In his view, the mechanism for levying a differential rate is not available, although several Bigfork residents with knowledge of how government works say that Bigfork CAN pay more.

Furthermore, Prunty has stated that an increase in the fee is not necessary. On this point, we quote from the minutes of the March 15, 2013, meeting of Prunty, Chilton, and the Bigfork citizens' committee:

Keenan averred that the Bigfork community wants the green box site to stay and that, therefore, the citizens of Bigfork might support an SID (Special Improvement District) to

improve the facility. Prunty said that, ideally, the solid waste assessment paid by all citizens of Flathead County (approximately \$80/year) should pay for improvements to the Bigfork site.

The last time Prunty estimated the cost of construction at a new site at Bigfork, he guessed at \$200,000. The *InterLake* reports that his estimate is now \$300,000 and "pushing the half-million dollar range." Where did these numbers come from, and why do they keep increasing? We request that some real estimates be obtained from experienced excavators and contractors, not just from the county. We have several first-rate companies working out of Bigfork. We need to contact them to see what they would charge before decisions are made based on inadequate—and possibly inflated—projections.

We have heard the charge that Bigfork wants special treatment. Nothing could be farther from the truth. We are asking the Board and the commissioners to reconsider the ill-conceived consolidation plan, which calls for the closure of a number of sites, on behalf of all county residents who live at rural addresses and must rely on green box sites for their waste disposal. We have read the plan which calls for these closures. It was written from the point of view of reducing costs and making trash collection easier for the county. How best to meet citizens' needs is never mentioned.

Furthermore, we believe the Commissioners need to consider a fundamental issue of taxation that arises here. The closure of the Bigfork site would constitute an increase in taxation without consent. Bigfork residents would still pay their \$80 annually just as they always have, but they would no longer have access to a collection facility. The bottom line in that scenario is less service for the same price. Is that fair, equitable, or legal?

In sum, we ask for three actions from the Commissioners:

1. Ask the Director of Public Works and the Solid Waste Board to revise their working plan to take into account the needs of people who live in rural areas not easily or cheaply serviced by curbside pickup.
2. Charge the Bigfork citizens' committee with obtaining real-world estimates of the cost of either site improvements or new construction at the Bigfork site. Estimates should be obtained from Bigfork-based construction companies.
3. Begin the process of establishing an SID to assess a higher fee for Bigfork and its surrounding area if such an increase is deemed necessary to maintain waste collection services.

Sincerely,

Lloyd and Faith Brynie
556 West Village Drive
Bigfork, MT 59911

Paul Mutascio further spoke about consolidation and curbside services.

No one else rising to speak, Chairman Holmquist closed the public comment period.

**TUESDAY, OCTOBER 1, 2013
(Continued)**

QUARTERLY MEETING W/ MARCIA SHEFFELS, SUPT. OF SCHOOLS

9:00:00 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Superintendent of Schools Marcia Sheffels, Clerk Kile

Sheffels reviewed the following quarterly report with the commission.

Routine business for July, August, September:

- Held Flathead County Transportation Committee annual meeting to approve bus routes and new individual transportation contracts for the 2013-2014 school year (**MCA** §20-3-206, §20-10-131) The county and the state share equally in paying for on-schedule transportation—127 bus routes approx. \$1,558,066.
- Received Individual Transportation Contracts from all school districts, processed, filed, submitted electronically to OPI
- Discussed 2012 legislative audit of student transportation program in Montana with districts.
- Began annual budgeting process assistance to all schools—provided information to schools for Trustees' Financial Statements; received taxable values from DOR, checked and forwarded to all schools; received trustees' report of annual financial activities of each fund; received annual fiscal reports for joint school districts and forwarded to Lake County; computed revenue available to finance the transportation budget, final budgets reviewed; reported levy requirements to Commissioners; submitted school budgets to Commissioners; published "Financial Report of the School Districts in Flathead County, Montana for the Year ending June 30, 2013 (Sept. 15- Daily Inter Lake)
- Assisted seven districts to correct unintentional errors in their budgets
- Reviewed County Treasurer forms of county-wide school funds, made adjustments as necessary and submitted to Office of Public Instruction
- Received all school calendars for 2013-2014, reviewed for required aggregate hours
- Attended school board meetings; appointed a trustee for Olney-Bissell (**MCA** §20-3-309)
- Assisted districts with E-grant applications for federal funds
- Addressed home schooling, Common Core, and school closures at principals' and superintendents' meetings (home school enrollment is 773 students in comparison to 634 end of last year) (Common Core- be familiar), (school closures - late starts-?)
- Prepared and sent out information to homeschool families regarding annual notification
- Updated county-wide substitute list for schools
- Conducted background checks
- Worked on audit findings regarding fingerprinting and dissemination of results
- Certified and filed renewed and new-teacher and administrative licenses, "caught" OPI "slip"
- Checked to see that all buses met first semester bus inspections and all driver certificates were current and on file in this office and approval sent to Office of Public Instruction
- Continued conflict resolution work on issues in school communities as a new school year begins—school placement and parenting plans, transferring student records, lapsed teacher licenses, bond/levy requests, home school affecting drop-out rates for public schools, bus stops, busing outside a school district's service area .

About our schools:

Flathead County has **4 high school districts**: Bigfork (Class B); Columbia Falls High School (Class A); Flathead High School with two facilities (Class AA); Whitefish High School (Class A).

Flathead County has **19 independent elementary districts that "feed" into these high school districts.**

into BFHS	into CFHS	into Flathead or Glacier	into WHS

PUBLIC HEARING: WITHDRAW FROM CRESTON FIRE DISTRICT & ANNEX INTO BIGFORK FIRE DISTRICT/MCCAFFERY WOODS SUBDIVISION

9:15:00 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Clerk Kile

Chairman Holmquist read into the record the public hearing for McCaffery Woods Subdivision to withdraw from Creston Fire and annex into Bigfork Fire District will be re-noticed, due to publication of an incomplete legal.

COS REVIEW: JOHNSTON

9:18:48 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Planner Eric Mack, Planner Alex Hogle, Robert Brown, Clerk Kile

Hogle reviewed history of the subject property which was determined to be a pattern of development by the Plat Room.

After lengthy discussion, it was decided to table review of the COS and set a meeting at a later date pending further review.

Commissioner Krueger made a **motion** to table review of the COS until a later date. Commissioner Scott **seconded** the motion. **Aye** - Holmquist, Scott and Krueger. Motion carried unanimously.

NOTE: On October 3, 2013, a memo was received from the Plat Room stating. This is to inform you that the notice of a possible evasion of the Johnston family transfer was in error. When this office counted the exemptions, one split was counted twice; this has been corrected and approved by this office.

**TUESDAY, OCTOBER 1, 2013
(Continued)**

MONTHLY MEETING W/ DAVE PRUNTY, SOLID WASTE DISTRICT

9:38:13 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Public Works Director Dave Prunty, Solid Waste Operations Manager Jim Chilton, Paul Mutascio, Dr. Wayne Miller, Charlotte French, Lloyd Brynie, Faith Brynie, Gary Ridderhoff, Kim Schwegel, Kera Schwegel, Clerk Kile

Prunty met with the commission and reported the Solid Waste Board took action rejecting the response received from Evergreen Valley Recycling to close out the RFP since they are most likely headed in a different direction. In other business, he reported on the Bigfork container site potential relocation, and noted the landowner would be interested in leasing the site for \$8,000 a year, but is not willing to sell. He reviewed the Solid Waste Boards discussion pertaining to what it would take to build the new site in Bigfork, and the board decided since it is the commissioners who control if a piece of property is purchased or leased they would need direction from them before moving forward with any preliminary work at the site.

Commissioner Scott stated he personally is not at all encouraged to pay \$8,000 a year for a 20-year lease and spend money to improve the site. He further spoke about the grade of the road.

Commissioner Krueger noted the Bigfork group looking at options for the Bigfork container site still has time to look at other site possibilities. He stated if we can convey to the Bigfork community that we are trying to do what is best for Bigfork, and not put a lot of money into a site that might be very difficult to do; they have talked about sharing some of the expense in the site through an assessment/ matching dollars. What is best for them will be to find a site that can be done economically.

Prunty pointed out flat sites are certainly preferred by them for their trucks. He said they would pave the road going into the site, which is standard.

General discussion was held relative to the strategic plan that calls for consolidation of sites and looking at the plan in detail.

Commissioner Krueger said I don't believe we need to completely redo the strategic plan, yet it needs to be looked at.

Chairman Holmquist pointed out she would not be in favor of putting money into a leased site.

Prunty further spoke about recycling changes to be implemented to reduce current costs. He noted the Solid Waste Board is recommending a decrease in the number of sites down to where they feel they will ultimately end up when they get to the new program.

Chilton reported the corridor container site at Essex is substantially complete now.

Prunty reviewed proposed hours of operation at the Essex container site during winter months that will be reduced.

General discussion was held relative to commercial use of green box sites.

Prunty summarized the volume report prepared by SWT Engineering.

CONSIDERATION OF PRELIMINARY PLAT EXTENSION REQUEST: MCGREGOR LAKES RV PARK

10:16:12 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Planner Alex Hogle, Clerk Kile

Hogle reported McGregor Lakes RV Park received preliminary plat approval on October 11, 2011, and is due to expire October 11, 2014. The request from the owner is for a two-year extension that would extend preliminary plat approval out to October 11, 2016.

Commissioner Scott made a **motion** to approve the preliminary plat extension agreement for McGregor Lakes RV Park to October 11, 2016. Commissioner Krueger **seconded** the motion. **Aye** - Holmquist, Scott and Krueger. Motion carried unanimously.

TUESDAY, OCTOBER 1, 2013
(Continued)

REQUEST FOR PROPOSALS (RFP)
SECURITY ELECTRONICS UPGRADE

The Flathead County Sheriff's Office is requesting statement of qualification proposals from vendors interested in providing correctional facility security electronics services to Flathead County pursuant to the requirements of Section 18-8-201 *et seq.*, M.C.A. Services needed include upgrading existing security controls to an integrated touch screen control system, digital intercom, CCTV and video recording systems. The project will also include remodeling the current workstation(s) to accommodate newly installed systems and address staff efficiency with the new system. Services associated with this upgrade will ideally begin in January of 2014.

Copies of the detailed RFP, including a description of services to be provided by respondents, the minimum content of responses and the factors used to evaluate the responses can be obtained by contacting **Detention Commander William Smith or Chief Detention Officer David Cooper, Flathead County Sheriff's Office, 920 S. Main Street Suite 100, Kalispell, MT 59901-(406) 758-5617/wsmith@flathead.mt.gov/dcooper@flathead.mt** or on the Flathead County webpage at: <http://flathead.mt.gov/sheriff/jailsecurityupgrade.php>. All proposals must be submitted to the Commander Bill Smith, Flathead County Sheriff's Office by **9:00 a.m. on October 30, 2013**.

Flathead County is an Equal Opportunity Employer.

Dated October 1, 2013.

Commissioner Krueger made a **motion** to accept the quote and approve the document for signature. Commissioner Scott **seconded** the motion. **Aye** - Holmquist, Scott and Krueger. Motion carried unanimously.

MEETING W/ MIKE FELT & PERRY MCCAILL RE: MONTANA 35 & COVERDELL ROAD INTERSECTION SPEED LIMIT

10:23:27 AM

Present: Chairman Pamela J. Holmquist, Commissioner Calvin L. Scott, Commissioner Gary D. Krueger, Assistant Mike Pence, Mike Felt, Perry McCahill, Clerk Kile

Mike Felt, 317 Eagle Bend Drive summarized the following letter presented to the commission.

October 1, 2013

Flathead County Commissioners
Flathead County Courthouse
Kalispell MT. 59901

Thank you for giving us the opportunity of visiting with you regarding the speed limit on State Hwy #35 at the junction of Coverdale Road as well as the junction of #35 and #82 located north of Bigfork.

We are here on behalf of the Catholic Church and the new assisted living center located on Coverdale road located just north of the junctions of Mt. Hwy #35 and #82. The junction of these two state highways is encountering a heavy increase in traffic, which also has an effect on the entrance of Coverdale road located just north of that Intersection. We have a concern about the speed limit of 70 miles per hour on #35 where Coverdale road enters that highway. We are suggesting that the sign increasing the speed limit for traffic from the south to 70 mph, be moved from its present location around 200 yards further north just past the Coverdale road entrance. Also the 50 mph sign for southbound traffic be moved accordingly. Also that the double yellow line be continued to the north from the intersection, to the same location as the new location of the speed limit sign.

We have enclosed some illustrations and pictures that hopefully will demonstrate our concerns and look forward to discussing this subject with you. We understand that the final decision regarding the speed limit on a state highway would be made by the state highway department, however we also understand you can make recommendations to them. Should you agree with our concerns we respectfully ask that you submit these changes to the State of Montana Highway Dept. for consideration.

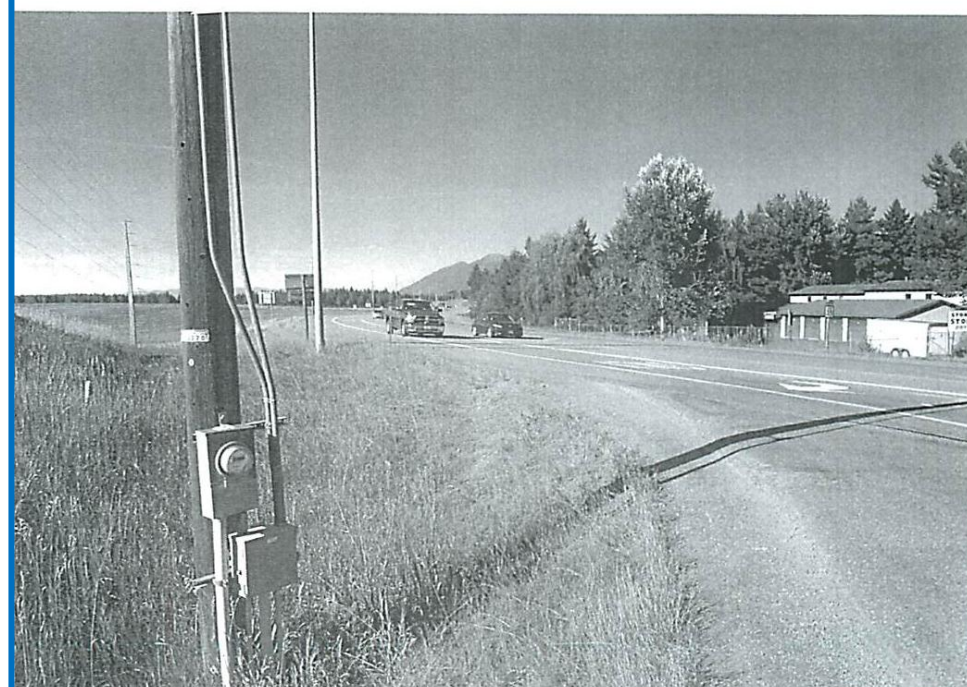

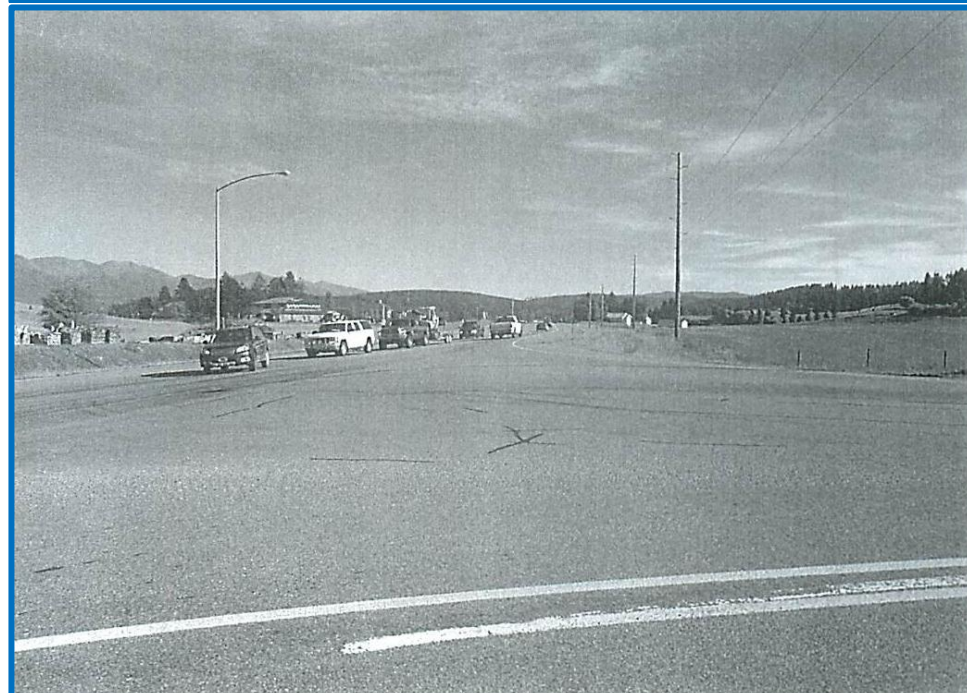

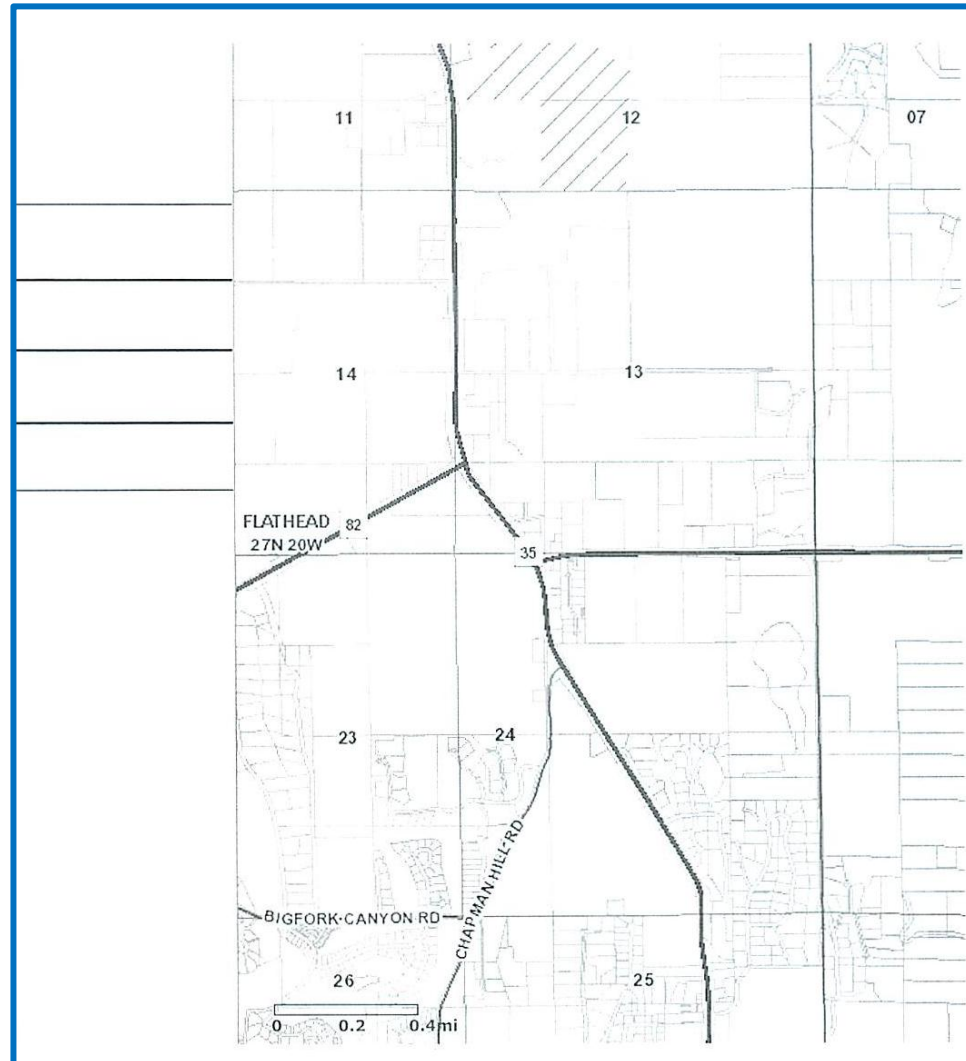

Thanks again for taking time to listen to our concerns.

M. K. felt

Perry McCahill

TUESDAY, OCTOBER 1, 2013
(Continued)

Perry McCahill then reviewed traffic concerns at the church off Coverdell Road. He explained church attendance bulges to around 1,000 attendees during summer months, and during winter months shrinks down to less than half after that. He noted he met with the highway department to look at the issue, and was advised the only way something could happen is if the commission requests the state look at traffic counts.

MEETING W/ FLATHEAD HIGH SCHOOL ENVIRONMENTAL SYSTEMS CLASS RE: RECYCLING

10:31:53 AM

Present: Chairman Pamela J. Holmquist, Commissioner Gary D. Krueger, Assistant Mike Pence, Public Works Director Dave Prunty, Solid Waste Operations Manager Jim Chilton, Environmental & Societies Teacher Lori Ortle, Sarah Carbaial, Samantha Wacker, Eli Frandsen, Mattie Mazur, Katie Weed, Heather Bodenhammer, Becca Marshall, Kelly Hendrix, Jera Schwegel, Kim Schwegel, Clerk Kile

Absent: Commissioner Calvin L. Scott

The Environmental & Societies Class from Flathead High School summarized the following power point presentation with the commission regarding the value of recycling, and why they believe the program should be kept active in the valley.

TUESDAY, OCTOBER 1, 2013
(Continued)

Value

- 86.9 million tons of waste prevented from ending up in landfills in the United States in 2011
 - Compared to 15 million in 1980
- 183 million metric tons of carbon dioxide prevented from entering the atmosphere

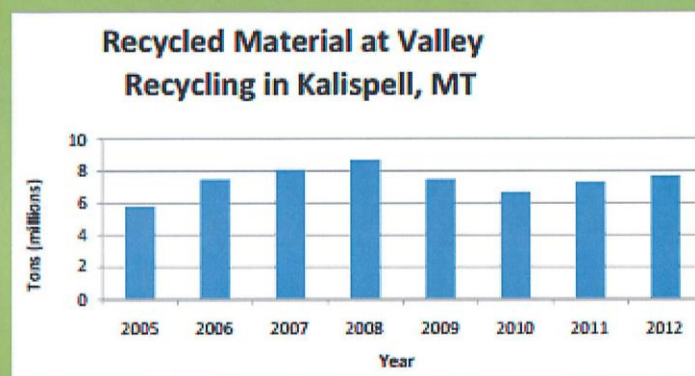

Source: Environmental Protection Agency

The Valley's Recycling Program

Recycling in the Valley

- Steady increase of recycled material within the valley
- Community has gotten into the habit of recycling

Year	2005	2006	2007	2008	2009	2010	2011	2012
Tons (millions)	5.8	7.5	8.1	8.7	7.5	6.7	7.3	7.7

Source: Valley Recycling

TUESDAY, OCTOBER 1, 2013
(Continued)

The Valley's Landfill

Flathead County Landfill

- **5th consecutive year of landfill decrease**

- Effectiveness of recycling program

- 92,354 tons of waste in 2012
- 2.64% decrease from 2011

- 24,591 tons from drop-off sites in 2012
- 3.83% decrease from 2011

Source: Flathead County Website- Solid Waste

Landfill Expansion

- 2012- total expenses of expansion
= \$2,862,530
- Current landfill capacity= 50 years
- Recycling would increase the capacity

Solutions

TUESDAY, OCTOBER 1, 2013
(Continued)

Recycling Program

- **Continuation of the Valley Recycling Program**

- Beneficial in the long-run for the community, economically and environmentally

Local Recycling Plant

Economic Benefits

- Employment opportunities
- Recycling creates more jobs than a landfill
- Growing industry
- Examples of cost effectiveness

Source: EPA and SCDHEC

- **South Carolina Recycling Plant in 2005**

- 37,440 jobs created
- Produced \$69 million in state tax revenue
- Economic impact of 6.5 billion
- Their recycling jobs paid above the state average

- **Optional tax for Flathead County residents**

- 2 dollar tax vs. out of pocket cost

- **Pay as you throw programs**

- More trash= more taxes
- Good incentive

Source: EPA and SCDHEC

TUESDAY, OCTOBER 1, 2013
(Continued)

Highway 2 and Montana 40.

Four Mile Drive and Stillwater Drive, behind Kidsport Field.

Conclusion

TUESDAY, OCTOBER 1, 2013
(Continued)

Value of Recycling

- **Environmental benefits**
- **Growing industry among the community**
- **Increase in landfill expectancy**
- **Provides jobs**
- **Possible funding for the program**

Overall recycling would cut down on the long-term cost of expanding our landfill, and would reap long-term benefits for our environment and thus, community.

MEETING W/ B. J. GRIEVE, PLANNING & ZONING OFFICE RE: CONSIDERATION OF CAPITAL OUTLAY CHANGES

10:45:43 AM

Present: Chairman Pamela J. Holmquist, Commissioner Gary D. Krueger, Assistant Mike Pence, Finance Director Sandy Carlson, Planning & Zoning Director B. J. Grieve, GIS Manager Mindy Cochran, Clerk Kile

Absent: Commissioner Calvin L. Scott

Grieve reviewed the need to replace a vehicle in the Planning and Zoning Office that was originally in their 2015 CIP.

Commissioner Krueger made a **motion** to approve the capital outlay change for the Planning & Zoning Office. Chairman Holmquist **seconded** the motion. **Aye** – Holmquist and Krueger. Motion carried by quorum.

Grieve further reviewed an additional capital outlay change pertaining to aerial imagery, and explained many other agencies in Flathead County use the imagery and are willing to contribute funds to the \$35,880 project.

Commissioner Krueger made a **motion** to approve the addition of aerial imagery to the CIP for the Planning & Zoning Office, and authorized Director Grieve to sign the contract. Chairman Holmquist **seconded** the motion. **Aye** – Holmquist and Krueger. Motion carried by quorum.

**TUESDAY, OCTOBER 1, 2013
(Continued)**
